

While membership in our Club is only \$10 per session per child, it costs our organization much more to put one young person through our programs. Contributions by generous companies, organizations, foundations and individuals are an essential lifeline for providing promise to our youth.

Each of our Clubs has different needs for donations of new or gently used items. Needs vary based on the time of the year and Club location.

Please contact Kristi Fox at Kristi@wrkids.org for any in-kind donation requests.
